

VENDOR APPLICATION

Friday & Saturday, Sept. 5th & 6th, 2014
South Padre Island Entertainment District

GENERAL INFORMATION- CRAFT VENDORS

The Island Folk Festival is a first year event that is working to encourage an ambience similar to that of the Kerrville Folk Festival. Our hope is to invite creative and supportive vendors to the Rio Grande Valley and Laguna Madre Area that will develop the festival feel. The South Padre Island area embraces the arts and vending of hand-crafted items (as opposed to imports). We are looking to grow a network of vendors who will return year after year for a great festival experience and returning festival-goers seeking your craft.

GENERAL INFORMATION- FOOD VENDORS

This year we are also encouraging food sales both evenings of the festival. The 10x10 booths will be assembled with a built in bar top, canopy and 3 side panels. We hope that you can incorporate festival type foods into your menu. We are not allowing competing foods, therefore please complete your application ASAP and return to aarin@hartwellproductions.com for approval. There are specific regulations the Health and Code Enforcement Department of SPI has to ensure proper preparation, holding and safety. You must comply with the Texas Food Establishment Rules and accept an inspection of by the SPI Health Code Dept. before beginning to sell. Inspection will be roughly around 4:00pm on Friday.

If you have an established business and are preparing foods for the event site, you must properly maintain proper food temperatures. All other vendors must prepare food on site. Please fill out the SPI Health Code Application and review the Texas Food Establishment Requirements (TFER). All vendors also must have a valid Texas Food Handler's license.
